

Request for Extension to Complete CPE

To Arkansas State Board of Public Accountancy:
101 E. Capitol, Suite 450
Little Rock, AR 72201

My application to renew my CPA/PA license for 2005 does not contain the required 40 CPE hours in the preceding 12-month period (calendar year) or 120 CPE hours in the preceding 36 month period. I will complete the _____ CPE hour shortage and provide documentation of such to the Board on or before January 31, 2005.

I have read Rule 13 and understand the consequences if I fail to complete CPE and to provide documentation of the aforementioned CPE hours as agreed herein.

I understand that the hours completed in January 2005 first apply to the shortage of CPE for the CPE year 2004 and all January 2005 CPE hours earned in excess of the shortage hours, if any, may apply to my requirement to obtain CPE in 2005 for a license to practice in 2006.

Using this request for extension does not constitute a violation of any compliance statements that may be in force.
